

Gandy's in Texas

The Gandy's were strong families that endured hard times and long wagon rides to move their families Southward. In 1851 Francis Marion Gandy at the age of 17, traveled South to the warm climate of Texas where he was a "Founding Father" of Bosque County. He settled down marrying Louisa McCurry and farmed his new land. His descendants continued in Meridian, Bosque County for over 150 years.

Francis Marion & Louisa McCurry were the first couple to marry in the newly formed Bosque Co., Texas on June 13, 1854. They married under the large Oak Tree. Bosque Co. was formed under this same Oak.
